Two Martians, Bablu and Babli, in their spaceship studying the goings-on down below.

***Martian Bablu**: These Earthlings who call themselves Indians are all agog, thanks to their favourite spectator sport. **Martian Babli**: You mean that spectator sport they call IPL?*

***Martian Bablu**: No, I mean the one that's even more exciting than IPL, and which they call Elections. **Martian Babli**: Elections? What's that?*

***Martian Bablu**: It's a very special game, which a lot of Earthlings, and particularly the Earthlings called Indians, love to play. **Martian Babli**: I see. So all that running about that's happening in India is about Elections?*

***Martian Bablu**: That's right. Like IPL, Elections require the players – who are called Pols, which is short for Politicians – to do a lot of running about, it's called Campaigning. **Martian Babli**: And while they're running about they also have to do a lot of shouting?*

***Martian Bablu**: Yes, they do. It's all part of Campaigning. In IPL the players shout 'Howzat!'. In Campaigning, the Pols shout something called 'gala-gali' at each other. **Martian Babli**: How interesting. And who are those guys standing on the sidelines and watching the Pols Campaigning?*

***Martian Bablu**: They're called the Election Commission, or EC, and they're like the Umpire in IPL, and they issue something called Gag Orders when any Pol exceeds the permitted quota of gala-gali. — **Jug Suraiya in** The Times of India*

Healthy dog put down to be buried with its owner

Virginia: A healthy Shi-Tzu was recently put down, because its owner put it in her will that she wanted to be buried with her beloved pet when she died.

On March 8, shortly after her owner passed away, Emma, the dog, was brought to the Chesterfield County Animal Shelter in Chesterfield, Virginia, where she remained for the next two weeks. Staff there were informed about the dog's fate, so they kept trying to convince the deceased woman's estate to sign Emma over, so she could be adopted by another family. The shelter repeatedly told representatives of the estate that they could easily find a home for her, but they declined every time.

The adorable Shi-Tzu was taken to a local veterinarian where she was euthanized. She was then taken to a cremation center in Richmond and her ashes were placed in an urn that was buried with the remains of the late dog's owner to fulfill the request expressed in her will.

Clear bottlenecks on Bogadi Road

Sir,

Thanks to the City Corporation officials for taking up the widening of Bogadi Road from two-lane to four-lane last year. However, while widening at three places, that is, opposite to RIE Quarters Gate, near the culvert close to a bar and another culvert close to the Ring Road, it was left to remain as two lanes at these stretches. This may turn out as bottlenecks on the widened road with electric poles *(see photo)*.

It is learnt that once the road-widening work through Bogadi village is completed, Hunsur Road traffic will be diverted to Bogadi Road. At that time, traffic will slow down at these three places and it may lead to traffic congestion and pile-up of vehicles. The impatient people may start moving to other side of the divider (wrong lane), as commonly seen at many traffic signals. Otherwise also, due to poor visibility in the nights, the electric poles may pose danger to the commuters.

Hence, authorities concerned may look into the possibility of widening the Road into four lanes at these three locations also by shifting the electric poles away from the Road, as was done in other cases, and widen both the culverts to have smooth flow of traffic on Bogadi Road.

Man flees with cab after booking it from student's phone

Mysuru, May 26 (RK&KS)- Police have launched a hunt to nab a man, who has fled with a cab after booking it from a student's tab.

On May 23 night, the man booked a cab using the tab of a student who was standing near the City Railway Station. When the cab came to the spot, the man boarded the cab and told the driver to take him to Infosys. After reaching Infosys, the man somehow convinced the driver and took him to a deserted place near Megalapura where he allegedly fled with the car.

Details: On May 23 at about 7 pm, an engineering student, who came by a train, was waiting for his friend near a hotel at the Railway Station Circle when he was approached by an unidentified man, who told the student that he wanted to go to Infosys urgently and was drenched. The stranger then told the student that his phone was not working and asked him to book a cab from his (student's) phone.

When the student told him that his internet data had exhausted, the stranger pleaded him to somehow book a cab. The student then downloaded the 'Jugnoo App' on his

Picture for representation only.

tab and booked a cab to Infosys. Within five minutes, a Ritz car (KA-09 C-6083) arrived at the spot and the stranger boarded the cab after thanking the student.

Raghuswamy, the driver-cum-owner of the cab, took the passenger to Infosys main gate as the drop point was mentioned as Infosys and told the passenger to alight from the cab as he had reached his destination.

But the passenger told Raghuswamy that his relative was waiting for him a little distance from the drop point and asked Raghuswamy to take him there and told him that he would pay the extra rent.

Raghuswamy then proceeded towards the place. After passing through KRS Road, the cab headed to a deserted place where road works had been taken up and the road was filled with sand and big stones which was blocking the path. Raghuswamy got down from the cab and was removing the big stones, when the passenger fled with the cab.

As it was dark, Raghuswamy walked to Megalapura and informed the villagers about the incident. He later came to Yelwal Police Station and lodged a complaint.

The Police immediately flashed the message along with the car number to the District Police Control Room and inspected the mobile phone of Raghuswamy and got the details of the student who had booked the cab.

When the Police enquired the student, he told them that he had booked the cab for a stranger out of humanitarian grounds and he did not know him in person. Raghuswamy, a native of V.P. Bore village in the taluk, is a resident of Hootagalli and was plying the cab for a living. Yelwal Police are investigating.

Siddharamaiah assures CM of full support

Bengaluru, May 26 (KMS&DM)- Even as the JD(S)-Congress Coalition Government is sulking after the Lok Sabha poll results were announced on Thursday, former Chief Minister and CLP leader Siddharamaiah has assured Chief Minister H.D. Kumaraswamy of full co-operation and support of the Congress. The two leaders held a prolonged meeting at Siddharamaiah's residence here on Friday night to discuss the fallout of the LS poll result.

The assurance has come at a time when Siddharamaiah is reportedly at loggerheads with CM Kumaraswamy over many administrative issues. The CLP leader is also said to have told the CM to concentrate on administration without bothering about the political developments. But the LS poll results which saw the debacle of coalition partners, has forced the coalition partners to shun all their differences and contradictions, to stop the BJP from coming to power in the State.

Meanwhile, a meeting of Congress Legislators has been convened at Hotel Lalit Ashok in Bengaluru on Wednesday for introspection on the party's defeat and ensuring stability of the Coalition Government.

The meeting is aimed at demonstrating the unity among Congress MLAs to counter the alleged efforts by the BJP to topple the Coalition Government.

CLP leader Siddharamaiah will chair the Legislature Party meeting and all MLAs and MLCs of the party are expected to attend. The meet would discuss various issues that caused the party's defeat in the recently concluded general elections.

The CLP meet has also assumed significance in the wake of a section of disgruntled MLAs threatening to quit the party in support of the formation of a BJP Government in the State.

'Private detective' arrested for blackmailing student

Mysuru, May 26 (KS)- Devaraja Police have arrested a person on charges of posing as a private detective and black mailing a student. The Police have recovered a laptop and a mobile phone from him.

The arrested is 53-year-old Bharadwaj Sharma, a resident of 4th Cross, Vijayanagar 1st stage in city. On May 24, Bharadwaj, posing himself as a private detective, summoned Sharan, the student to Elite Detective and Investigation office in Shivarampet and allegedly threatened him that he had cheated the girl he had loved and black mailed Sharan that he would telecast his news on TV.

Bharadwaj later summoned Sharan's parents to the office and told them that their son had cheated a girl and told them to solve the problem soon besides threatening them of telecasting their son's news on TV. Bharadwaj later took a laptop and a mobile phone from Sharan and Rs.50,000 cash from his parents. Devaraja Police, who had registered a case in this regard, traced Bharadwaj, arrested him and recovered the laptop and mobile phone.

Overwhelming response to Mango Mela

Farmers sell 19 tonnes of fruits on day one

Mysuru, May.26 (MTY&SR)- A five-day Mango and Jackfruit Mela, organised by the Department of Horticulture and Zilla Panchayat to market many varieties of mangoes at Curzon Park in city received overwhelming response from both buyers and sellers on the second day of the mela yesterday.

Each mango grower in every stall did a good business on the first day of the mela on Friday despite the rain that lashed city in the evening. The farmers sold about 19 tonnes of fruits on day one.

Carbide, plastic-free and naturally ripened fruits are the major attractions of the mela. Besides fruits, the Horticulture department has also kept a variety of mango saplings for sale.

A farmer, who is a first-time participant said, he has been doing good business. "I have sold 50 kg of mangoes till 2 pm on Saturday," he said.

Buyers are thronging the venue from many places in city along with their wife, children and other of their family members to buy the mangoes, which is also called the 'King of Fruits', of various varieties carrying cloth bags with them. The mela will be held till May 28 from 10 am to 7 pm.

About 42 mango growers from across Karnataka including Mandya, Chamarajanagar, Mysuru and Ramanagaram districts have set up their stalls and sold their fruits.

They are more than 15 mango varieties such as Badami, Mallika, Dussheri, Amrapali, Malagova, Rasapuri, Sindoora, Thotapuri, Sakkare Guthi, Rathnagiri Alphonso, Baganapalli and Kesar, which are sold between Rs. 20 and Rs.70 per kilogram.

The mela registered the sale of 19,513 kilogram on the first day. Of this, Badami &Alphonso (10,700 kgs sold at Rs. 60 per kg), Rasapuri (4,025 kgs sold at Rs. 45 per kg), Malagova(1,535 kgs sold at Rs.50 per kg), Totapuri (88 kgs sold Rs. 20 per kg), Banganapalli (310 kgs sold at Rs. 40 per kg), Dussheri (860 kgs sold at Rs.55 per kg), Sakkare Guthi (675 kgs sold at Rs. 70 per kg), Valaja (400 kgs), Amrapali was sold for Rs.60 per kg and Sendura for Rs. 30 per kg.

Buyers were seen arguing with stall owners over prices of some of the varieties as the growers were collecting an excess of Rs. 5 to Rs.10 per kilo against the prices fixed by the Horticulture Department.

Following complaints from the public, Deputy Director of Horticulture Dr. Sanjay and Senior Assistant Director Habeeba Nishadth inspected the stalls yesterday and directed the sellers to display the price list of their products. They threatened to vacate the sellers for collecting excess amount than the fixed prices.

Nishadth said that the prices were little less on day one and owing to farmers demand; the prices have been slightly increased. The price will remain same till the end of the mela.

"The selling price is fixed by the department. However, yielding to the farmers request the authorities have revised the prices and we hope of doing good business," said a vendor.

"Artificially ripened mangoes, which are harmful to health, are being sold by roadside shopkeepers across city. Hence, the initiative by Horticulture Department is really commendable as the consumers will get naturally ripened mangoes," said many consumers, who visited the stall.

Speaking to *SOM*, officials of the Horticulture Department said that they have been organising such mela in city for the past few years with the main intention to provide marketing facility to growers besides to spread awareness to sell naturally -ripened mangoes.

One of the consumer said, "Every year, I visit the mango mela. Although the prices are slightly high as compared to the market rates, the taste and quality is good. In the open market, it is difficult to differentiate between the naturally and artificially ripened mangoes. But here, I can buy mangoes with trust."

Jackfruit growers from Doddaballapur district have also displayed jackfruit varieties like Chandrabangara, Rudraskhi, white and yellow colour jackfruits. A kilogram of jackfruit is available for Rs. 20.

Officials of Food Safety and Standards Authority of India (FSSAI) have also camped here to check quality of the fruits thrice a day at every stall.

Sasya Santhe too a big hit

Visitors are also buying saplings of fruit-bearing trees, ornamental plants and vegetables of 100 varieties at *Sasya Santhe*, organised as part of the mela. People were also seen buying the saplings which were sold between Rs.8 and Rs.35 per plant. Curry leaves sapling sold for Rs. 20 for one piece, Bela sapling sold Rs. 20, Kanagale for Rs. 20, Mango sapling Rs. 50, Guava sapling for Rs. 40, Gooseberries for Rs. 25, Mysuru Jasmine sapling for Rs. 25, Mysuru betelnut sapling for Rs.20.

The Department is also selling saplings at Rangasamudra, Hebbal, Kukkarahalli Lake and Elachanahalli Horticulture Department Nurseries on regular days.

25-member NDRF team arrives in Kodagu from Vijayawada

Forces begin field work; to train people how to save themselves in case of sudden disaster

Madikeri, May 26 (PS&BCT)- To instil confidence among people of Kodagu that the Central and State Governments will be with them in case of a repeat natural disaster this year and as a precautionary step even before the arrival of monsoon, a team of National Disaster Relief Force (NDRF) has already arrived in Kodagu.

The 25-member NDRF team from B/10NDRF Vijayawada in Andhra Pradesh is camping at Jawahar Navodaya Vidyalaya at Galibeedu in Madikeri. Along with NDRF, teams from State Disaster Response Force (SDRF), Army's Dogra Regiment and Civil Defence are expected to reach Kodagu soon.

As of now, two NDRF teams have been deployed in Karnataka. While one team is already in Kodagu, the other team is stationed at New Mangalore Port in Mangaluru. In case of emergency like last year, the NDRF Mangaluru team can reach Kodagu in short notice.

The NDRF team is led by Commander Veluru Ramesh and also includes members from Bengaluru and Dharwad. Ramesh said that the Kodagu District Administration had requested the team to

camp in Kodagu for at least three months as a precautionary measure. Their stay will be extended depending on the scale of the disaster.

Last year in August, the NDRF and SDRF teams did enormous relief and rescue operation though it took time for their deployment as the catastrophe was sudden and was in an unprecedented scale. Before the arrival of Central Forces, the District Police and the Fire Service Department had carried out rescue operations and they could do only small-scale rescue works as they are not well-equipped. Not taking any chances, this year, the NDRF team has been stationed even before the onset of Southwest monsoon.

On May 29, the NDRF team will visit flood and landslide-prone areas including Makkandur, Hebbatageri, Madapura, Hattihole, Kaloor, Jodupala, Monnangeri, Mangaladevinagar, Thantipaala and other areas and will train people to save themselves and their livestock in case of a disaster.

The team will start field work during monsoon on priority basis and according to Commander Veluru Ramesh, more teams will be deployed in Kodagu based on the intensity of floods and landslides.

"Before a natural disaster strikes, Nature will give signals of it that can be captured through scientific methods. People must be moved to safe areas and the loss of life can be minimised or eliminated," Ramesh said.

Another member of the team, Doddabasappa, who hails from Dharwad, said, during the heavy landslides on Makutta Road connecting Kerala State, the team had cleared the fallen trees and rubble. He said his team had participated in the rescue operation during the Fani cyclone in Odisha. Joint mock rescue operations will be conducted alongside the local Departments as per the direction given by Kodagu Administration, he said.

Such disaster management teams are formed by picking people from the nation's Paramilitary Forces and are trained to rescue people and livestock during natural calamities. Apart from ensuring the nation's security, such teams also protect people from unforeseen circumstances, he added.

Shyam, who said that this is the 13th python he has caught in city, has asked the people to call Mob: 99805-57797, in case they come across snakes.

Yoga rehearsals at three places

Mysuru, May 26 (RKB&US)- Continuing the series of rehearsals in the context of International Yoga Day to be observed on June 21, Yoga Federation of Mysuru (YFM), in association with several Yoga Associations, had organised yoga rehearsals at three places in city — Sougandhika Park and Namana Park in Kuvempunagar and at a park near K.D. Circle in Vijayanagar 2nd Stage.

About 400, 100 and 50 yoga enthusiasts had participated at the three venues respectively.

The rehearsals were done strictly abiding by the yoga protocol set up by the Guinness World Records beginning with a prayer and ending with yoga namaskar.

YFM President Dr. Maruthi, Vice-President Srihari, Treasurer B.P. Murthy, Dr. Ganesh Kumar, Corporator Subbaiah and others were present.

Speaking on the occasion, B.P. Murthy said that the rehearsal to be held on June 9 at Palace premises would have about 5,000 participants and on June 16 at Race Course would have about 60,000 participants. He plans to mobilise 1.5 lakh yoga performance for June 21.

Brindavan Gardens entry fee to be doubled

(Continued from page 1)

"Due to the Election Model Code of Conduct, the proposal was pending and since the elections are over, the official notification will be issued soon. The code of conduct will be in force till May 31 owing to local body elections on May 29," an officer said.

At present, visitors have to pay a parking fee of Rs. 25 for four-wheelers and Rs. 3 for two-wheelers. This fee will also be increased along with the entry fee, officials said. The CNNL has taken a decision to revise the fees as it has been long overdue.

"With shrinking revenues and a huge task of maintaining the KRS and Brindavan Gardens, we are forced to revise the rates that have not been raised since many years. As the rates were not revised, no agency came forward for tenders for the collection of user fee, entry fee, vehicle parking fee and toll collection at the downstream bridge," officials said.

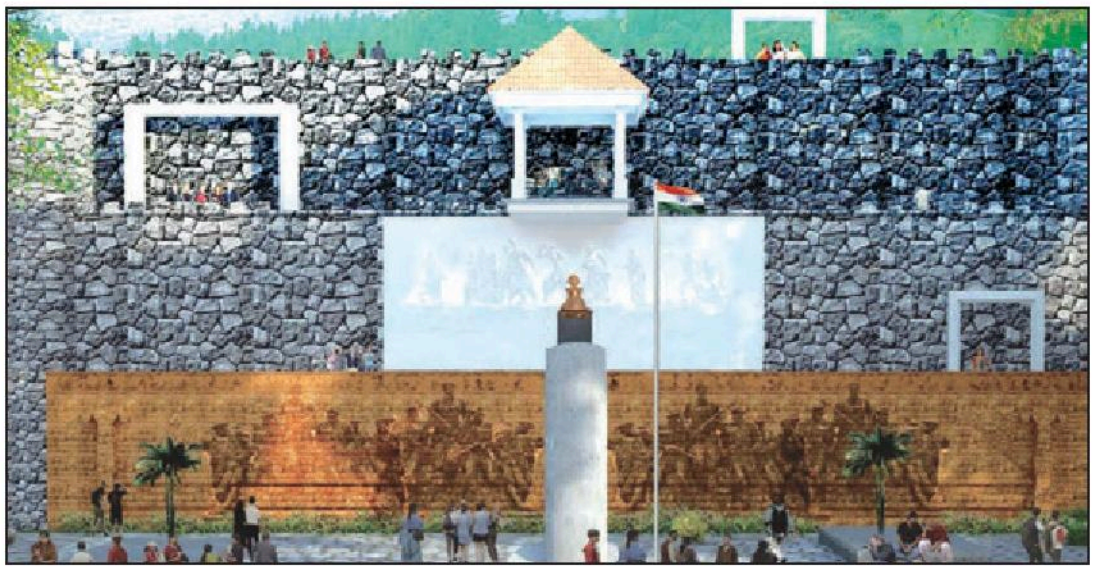
The annual footfall to the KRS Dam and the Brindavan Gardens has shown a steady increase over the years. The Dam's peaceful atmosphere, breathtaking views and the beautiful Mughal Gardens are attracting tourists from far and wide who want to spend some quality time.

On an average, over 10,000 tourists visit KRS every day and the numbers see an increase during Dasara and peak tourism season. Taking the statistics of the last five years, over 30 lakh tourists have visited on an average every year.

The Dam collects over Rs. 5 crore entry fee every year. The Dam authorities get an annual income of over Rs. 1.20 crore by the sale of vehicle parking tickets. The combined annual income through entry tickets and parking tickets is about Rs. 6.20 crore.

Apart from rare varieties of plants and flowers, the fountains are another major attraction, especially in the evenings when water flows amidst colourful lights and music. These include Radhakrishna and Shiva waterfalls, high-pressure fountain, Kaveramma, umbrella fountain, crown, rainbow, inverted basket, arch, pyramid, mist and cross.

Madikeri Square: Suggestion by SOM reader



A view of the private bus stand spot in Madikeri. Picture right shows a proposed blueprint of the Madikeri Square which is yet to be finalised.

The old private bus stand at Madikeri in Kodagu is in the news of late, thanks to *Star of Mysore* Editor-in-Chief K.B. Ganapathy (KBG), who mooted construction of a Public Square at the spot, which is situated in the heart of the hilly town and converted the place into a tourist attraction.

The old private bus stand was constructed in 1936 by the British. The landslides and floods that occurred in August 2018 resulted in a portion of the bus stand collapsing and the entire building was demolished later to avert further accidents.

Following this, KBG, who hails from the district, in his column *'Choomantra,'* published in *Mysooru Mithra,* a sister concern of *Star of Mysore,* on Nov.1, 2018, had suggested construction of a Public Square instead of building a commercial complex on the lines of Trafalgar Square at the centre of London City, in honour of India's first and one and the only Commander-in-Chief Field Marshal K.M. Cariappa, who too hailed from Kodagu.

Taking note of the suggestions, Tourism Minister S.R. Mahesh, who is also the District in-charge Minister of Kodagu, proposed similar ideas. Though meetings were held in this regard a consensus is yet to be arrived at by the stakeholders concerned and the Madikeri City Municipal Council.

Meanwhile, an ardent *SOM* reader R. Chandra Prakash, who was on a 22-day tour of 12 countries across Western Europe, has emailed two photos from Madrid, Spain, Bull Fight Arena and suggested a similar Arena in Madikeri Square depicting the history, heritage and valour of Kodavas on the wall of the old bus stand which will add great value for tourism.

MCC asked to restore North Heritage Arch

Mysuru, May 26(MTY& SR)- Following complaints of damage to century-old North Heritage Arch at the entrance of the Government Guest House and shoddy restoration works done by Mysuru City Corporation (MCC), a team of District Heritage Committee and MCC officials visited the heritage structure this morning and took stock of the damages that have been caused during road repair works.

The panel comprising Prof N.S. Rangaraju, Maj. Gen (Retd) S.G. Vombatkere, Dr. Javed Nayeem and MCC Assistant Executive Engineer V. Shwetha inspected the damages and came up with certain recommendations to the MCC. Speaking to *Star of Mysore*, Prof Rangaraju the said that the Committee would urge the MCC to take up restoration works of the damaged historical arch as per the heritage building protection norms without demolishing and damaging its originality as per the guidelines laid down by Department of Archaeology, Museums and Heritage.

The Committee wanted the MCC to put up a rail fence around 150-year-old heritage arch which is standing like an orphan on the road. It also asked the MCC to remove the yellow solar tank installed atop the Government Guest House which has become an eyesore, marring the beauty of the heritage building.

Experts asked the MCC to restore the artistic arch which has Gandaberunda (twin-headed mystic bird), the symbol of Mysore Palace, Kalasha and the creepers which were destroyed during the repair works.

The Committee also asked the MCC to construct new security room building at the entrance gate of Government Guest House and take up the beautification of the circle heading towards Five Light Circle. The road widening works around the heritage structure must be taken up without violating the conservation norms, the committee said.

As the Government Guest House compound has already been demolished and pushed 40 feet inside and a new compound has been built, the Committee members wanted the new compound wall to be beautified as per heritage norms. It also asked the MCC to plant saplings around the Guest House as more than five trees had been axed during road widening works.

Prof N.S. Rangaraju said that that MCC has already written a letter to the Department of Archaeology, Museums and Heritage willing to take up the task of restoring the arch and promised to fund entire amount.

'Restore the structure'

Mysuru, May 26- Commenting on the restoration of the heritage arch, a senior citizen who travels on the road almost every day said that it the arch must be restored as it is of immense value to the Royal City of Mysuru.

"The arch has been disfigured by authorities of Mysuru City Corporation (MCC) who have no knowledge about heritage. It has been painted many times defacing its intricate carvings and its structure has been defaced. The structure is crumbling with many carvings chipped off," he said.

"Lakhs of rupees are spent out of taxpayers' money by MCC on this and I feel that the heritage structure must be restored with all its intricate carvings. The Heritage Committee must not allow the structure to be destroyed and it must be restored to its past glory. It is an important landmark and catches one's eyes whoever passes by this way. Efforts must be made to retain it," he opined.

WORD OF THE DAY

Coeval

Pronunciation: koh-EE-vul.
Meaning: Of the same or equal age, antiquity, or duration.

Origin: Coeval comes to English from the Latin word coaevus, meaning "of the same age." Coaevus was formed by combining the co- prefix ("in or to the same degree") with Latin aevum ("age" or "lifetime"). The root aevum is also a base in such temporal words as longevity, medieval, and primeval. Although coeval can technically describe any two or more entities that coexist, it is most typically used to refer to things that have existed together for a very long time (such as galaxies) or that were concurrent with each other in the distant past (parallel historical periods of ancient civilizations, for example).
Example: Fantasy is at least as immense as realism and much older—essentially coeval with literature itself. Yet fantasy was relegated for fifty years or sixty years to the nursery. — Ursula Le Guin, quoted in Electric Literature, 1 Apr. 2016

THE ODD WORD

Concinnity

Elegance or neatness of literary or artistic style.

PHRASE OF THE DAY

Hold a candle

Meaning: The expression 'can't hold a candle to' refers to someone who compares badly to an known authority - to be unfit even to hold a subordinate position.

Origin: Apprentices used to be expected to hold the candle so that more experienced workmen were able to see what they were doing. Someone unable even to do that would be of low status indeed.
Sir Edward Dering used a similar phrase 'to hold the candle' in his The fower cardinal-vertues of a Carmelite fryar, 1641:
"Though I be not worthy to hold the candle to Aristotle."
'To hold a candle' is first recorded in 1883 in William Norris' No New Thing:
"Edith is pretty, very pretty; but she can't hold a candle to Nellie."
Example: Senator Nelson is extremely knowledgeable, but as a speaker, he can't hold a candle to Senator Delano.
